When you need German speaking support, feel free to come to the reception desk or contact our staff.

Conference venue: emergency exits and assembly point in case of fire

In the case of an emergency, please remain calm, quiet and follow the instructions of the conference staff. If necessary, they will instruct you to leave the building and head towards the assembly point. In that case, you will be guided directly by the staff to the assembly point. If not communicated otherwise, assembly point 1 is to be preferred. While the staff will guide you, it is still recommended, to familiarise yourself with the emergency exits and the location of the assembly points. Please refer to the figures below to do so and also confirm the location of the emergency exits at the location after your arrival.
